Planta An International Journal of Plant Biology

Founded in 1925. Volumes 1–34 (1945) edited by *W. Ruhland* and *H. Winkler*. (Volumes 1–21, 1934 published as „Zeitschrift für wissenschaftliche Biologie", Abteilung E.) Volumes 35–47 edited by *W. Ruhland* and *O. Renner*. Volumes 48–51 edited by *W. Ruhland, L. Brauner* and *E. Bünning*. Volumes 52–68 edited by *L. Brauner* and *E. Bünning*

Copyright

It is a fundamental condition that submitted manuscripts have not been published and will not be simultaneously submitted or published elsewhere. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform or any other reproductions of similar nature, and translations.

Photographic reproduction, microform, or any other reproduction of text, figures, or tables from this journal is permitted only with authorization by the publisher.

Special regulations for the USA

The Article Fee Code on the first page of an article in this journal indicates the copyright owner's consent that in the USA copies may be made for personal or internal use, provided the stated fee for copying beyond that permitted by Section 107 or 108 of the United States Copyright Law is paid through the Copyright Clearance Center, Inc., P.O. Box 8891, Boston, MA 02114, USA.

If a code does not appear copies of the article may be made without charge, provided permission is obtained from the publisher.

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the publisher for such copying.

The use of general descriptive names, trade names, trade marks, etc., in this publication, even if the former are not specifically identified, does not mean that such names are exempt from the relevant protective laws and regulations and may accordingly be used freely by anyone.
